Conference Highlights

- **Global Expertise:** Bringing together renowned experts from leading universities, research institutions, and industry leaders to share their insights and experiences.

- **Cutting-Edge Research:** Showcase the latest advancements in water and wastewater treatment, sustainable water management, and innovative technologies.
- **Policy Dialogues:** Engage in discussions on policy frameworks, regulations, and strategies for water security, sanitation, and environmental protection.
- **Networking Opportunities:** Connect with professionals from diverse backgrounds, foster collaborations, and exchange best practices.

Conference Themes

The conference will delve into a comprehensive range of themes, including:

- Water Resources and Management
- Water and Wastewater Treatment
- Sustainable Water Solutions
- Water Security and Sanitation
- Water-Energy Nexus
- Climate Change Adaptation and Water Management

Target Audience

The 16th International Conference WASA 2024 is designed for a wide range of professionals involved in the water and wastewater sector, including:

- Engineers
- Scientists

- Policymakers
- Regulators
- Water Utility Managers
- Consultants
- Academicians

Nanjing: A Vibrant Host City

Nanjing, the capital of Jiangsu province, is a vibrant city with a rich history and thriving modern metropolis. It is home to numerous historical sites, including the Nanjing City Wall and the Ming Xiaoling Mausoleum.

The city is well-connected by air, rail, and road, making it easily accessible for participants from around the world.

Important Dates

Abstract Submission Deadline: March 15, 2024

Full Paper Submission Deadline: April 30, 2024

Conference Dates: June 25-27, 2024

Registration and Contact

For detailed registration information and to stay updated on the latest conference developments, please visit the official website:
