In the heart of Los Angeles, a passion was brewing. Ilima Todd, a woman of Hawaiian and Korean descent, felt a deep yearning to create a fashion label that would embody her own values of sustainability, inclusivity, and empowerment.

Driven by a desire to challenge the harmful practices prevalent in the fashion industry, Todd founded Remake in 2014. Her mission was to revolutionize the way clothes were produced and consumed, while also empowering women from diverse backgrounds.

With a profound love for fashion and a deep understanding of the industry's environmental and social impact, Todd set out to create a brand that would not only produce stylish and ethical clothing but also inspire positive change.

Ethical Practices: A Commitment to Sustainability

Sustainability is at the core of Remake's values. Todd believes that the fashion industry has a responsibility to minimize its environmental impact and ensure fair labor practices.

Remake's commitment to sustainability extends throughout its entire supply chain. The company partners with ethically certified factories that adhere to stringent environmental and social standards. From using recycled and organic materials to reducing waste in production, Remake strives to create a positive environmental legacy.

In addition to its environmental initiatives, Remake also ensures fair treatment of its workers. The company pays living wages, provides

healthcare benefits, and maintains a safe and respectful workplace for all employees.

Empowering Women: Inclusivity and Representation

Inclusivity is another fundamental pillar of Remake's mission. Todd firmly believes that fashion should be accessible and empowering for women of all backgrounds.

Remake's designs are specifically created to cater to a wide range of body types and skin tones. The company features a diverse array of models in its campaigns, showcasing the beauty and power of inclusivity.

Beyond its clothing, Remake also actively engages in initiatives that empower women. The company supports organizations that provide mentorship, education, and career development opportunities for women from underrepresented groups.

Love as a Guiding Force: The Catalyst for Change

Throughout her journey with Remake, Ilima Todd has always been driven by the power of love. Her love for fashion, for the environment, for her employees, and for women of all backgrounds has been the catalyst for the positive change she has created.

Todd believes that love is the most transformative force in the world. It has the power to break down barriers, unite people, and inspire action for the greater good.

Driven by love, Remake has become more than just a fashion label. It has transformed into a powerful force for empowerment, inclusivity, and sustainability. Todd's dedication to using her platform to create positive change is a testament to the impact that love can have on the world.

Celebrating Success: Recognition and Accolades

Remake's dedication to sustainability, inclusivity, and empowerment has garnered widespread recognition and accolades.

The company has been featured in numerous publications, including Vogue, Elle, and The New York Times. Todd herself has been recognized as one of the most influential women in fashion by Forbes.

In addition to media recognition, Remake has also received numerous awards for its ethical practices and sustainability initiatives. These awards include the Sustainable Style Award from the CFDA and the Green Award from the Copenhagen Fashion Summit.

A Vision for the Future: Fashion with Purpose

Remake's vision for the future is one where fashion is driven by purpose and inclusivity. Todd believes that the fashion industry has the potential to be a force for good in the world.

As Remake continues to grow, Todd plans to expand the company's impact by investing in sustainable innovations, supporting women-led initiatives, and advocating for policy changes that promote ethical and environmentally responsible practices in the industry.

Remake's mission is to redefine fashion as a tool for empowerment and positive change. Through its commitment to sustainability, inclusivity, and love, the company is paving the way for a more just and equitable future in the fashion industry.
