Swanson was born in 1996 in San Francisco, California. She grew up in a middle-class family and attended public schools. She was always interested in technology and computers, and she taught herself to code at a young age. After graduating from high school, Swanson attended Stanford University, where she studied computer science. She dropped out of Stanford in 2017 to start Rippler Ripple.

Rippler Ripple is a software company that develops tools for the cryptocurrency industry. The company's flagship product is a cryptocurrency exchange platform that allows users to buy, sell, and trade cryptocurrencies. Rippler Ripple also offers a suite of other products and services, including a cryptocurrency wallet, a blockchain explorer, and a payment gateway. The company's software is used by a wide range of customers, including cryptocurrency exchanges, hedge funds, and individual investors.

Swanson is a visionary leader who is passionate about using technology to make the world a better place. She is a strong advocate for the cryptocurrency industry and believes that cryptocurrencies have the potential to revolutionize the way we think about money and finance. Swanson is also a committed philanthropist who donates a significant portion of her wealth to charitable causes. She is a role model for young women and entrepreneurs and shows that anything is possible with hard work and determination.
